

**Kelly A. Zeytoonian**  
Kelly@starwoodequine.com

**OBJECTIVE**

To combine my veterinary knowledge and practice management skills along with business training to enhance the equine industry.

**EDUCATION**

**Masters in Business Administration**, March 2020  
University of North Carolina Kenan-Flagler School of Business, Chapel Hill, NC

**Doctor of Veterinary Medicine**, May 2009  
Virginia-Maryland Regional College of Veterinary Medicine (VMRCVM), Blacksburg, VA

**Bachelor of Science, Animal & Poultry Sciences**; Minor: Biology, Completed 120 Semester Hours Towards Degree  
Virginia Polytechnic Institute and State University, Blacksburg, VA

**EXPERIENCE**

***Occupations***

Practice Owner, Veterinarian, Starwood Equine Veterinary Services Inc., Woodside, CA

July 2013- present

Performed all duties of a veterinary practice manager (ordering supplies, obtaining licensing, hiring full-time, part-time, and independent contract workers, etc.) while also serving as the solo practitioner of an equine ambulatory clinic during regular business hours and emergency coverage while focusing on lameness and performance horse medicine. Developed client education curriculum and series of seminars attended by 30+ horse owners per session.

Part Time Instructor, Foothill College, Los Altos, CA

February 2016- present

Served as college instructor overseeing the Large Animal Medicine course for the Registered Veterinary Technician Program. This program outlines the husbandry, veterinary care, and human safety components of swine, cattle, ruminants, and horses. Guest lectured in Senior Internship course, focusing on veterinary ethics and career development. Guest lectured in Radiology course, focusing on equine radiology.

Associate Veterinarian, Bayhill Equine Inc., Redwood City, CA

July 2009 - July 2013

Performed all duties of an equine ambulatory veterinarian during regular business hours and emergency coverage while focusing on lameness and performance horse medicine.

***Research***

Research Assistant, Department of Agriculture and Applied Economics, Virginia Tech, Blacksburg, VA  
May 2004 – June 2008

Development of a curriculum to address sixth grade Standards of Learning in the areas of science  
Development of a curriculum for High School Teachers to help introduce students to the topic of Agricultural Biotechnology and its effect on developing countries, which may be visited at: [http://www.aaec.vt.edu/biotechimpact/student\\_teachers/student&teachermain.htm](http://www.aaec.vt.edu/biotechimpact/student_teachers/student&teachermain.htm)  
Researched Unfunded Mandates for the Virginia Department of Game and Inland Fisheries  
Organized and held presentations during Orientation for incoming undergraduate students.

Research Assistant, Department of Dairy Sciences, Virginia Tech, Blacksburg, VA

January 2004- May 2004

- Participated in a study to evaluate dairy cow stress and well-being during transition into a new facility.
- Reviewed published research, developed experimental protocol, and evaluated the effect of grouping management and post-move stocking density on the stress and production response in lactating cows.

***Volunteer Positions***

Board Member Northern California Association of Equine Practitioners  
Board Member BOK Therapeutic Riding Facility  
Sponsor Liaison for the Menlo Charity Horse Show Association, 2009-present  
Committee Member for the Woodside Livestock and Equestrian Heritage Committee, 2013-present  
As a subcommittee member, aided in the ongoing development of a manual for “Keeping a Horse in Woodside”. This handbook is being developed to compile “best practices” for horse care and intends to meet the charter of the LEHC: “develops and supports education and information programs which aid the community in sustaining, protecting, enhancing, and enjoying equestrian activities and facilities”.
